[Applications](#)

[APPLICATION] [Enhanced DNS server](#)

US Pat. 10715467 - Filed Nov 19, 2003

This is in particular a problem when **name resolve** requests within the two networks have to be carried out ... In the **address translation** from IPv4 to IPv6

, ...

[APPLICATION] [Method and system for supporting RSVP in IPv4/IPv6 hybrid network](#)

US Pat. 11646163 - Filed Jan 4, 2007

The NAT-PT binds an IPv6 network **address** to an IPv4 network **address**, ... IPv4 fields and IPv6 fields, not allowing **direct translation** from IPv4 to IPv6. ...

[APPLICATION] [Network address translation protocol for transmission control protocol ...](#)

US Pat. 11243448 - Filed Oct 4, 2005 - Wizzysoft Corporation

The **connection** receiver is determined by its IP **address** and port. ... [0015] The IPv6 protocol was developed as a replacement for IPv4. ...

[APPLICATION] [HARDWARE INTERFACE FOR ENABLING DIRECT ACCESS AND SECURITY ASSESSMENT SHARING](#)

US Pat. 12144863 - Filed Jun 24, 2003 - MICROSOFT CORPORATION

Specifically, the ALG provides the ability to **resolve IPv6** addresses into DNS queries and responses into their **IPv4 address** bindings and vice versa, ...

[Non-ALG approach for application layer session traversal of IPv6/IPv4 NAT-PT ...](#)

US Pat. 1272148 - Filed Jun 27, 2002 - Hewlett-Packard Development Company, L.P.

As such, no **translation** of payloads is necessary between the **IPv6** and **IPv4** nodes
Further still, to **address** the problem whereby a transaction between nodes ...

[APPLICATION] [Network-connecting apparatus and method for providing direct connections ...](#)

US Pat. 10379674 - Filed Mar 6, 2003 - SAMSUNG ELECTRONICS CO., LTD

The conversion of an IP **address** system employs a method using a router and a domain **name** server which support both **IPv4** and **IPv6**. ...

[APPLICATION] [Terminal reachability](#)

US Pat. 11708578 - Filed Feb 21, 2007 -

So, the **direct connection** between clients in access networks is not possible ...
IPv6 address); [0010] Provide reachability of **IPv4** and **IPv6** packets between ...

[APPLICATION] [Dataconferencing method](#)

US Pat. 16043779 - Filed Jan 8, 2002 - InFocus Corporation

... and virtual addresses) compliant with **IPv4** or **IPv6** (including **IPv4** with ...
[0043] "telephone receiver" — all types of devices capable of **connection** to ...

[Dataconferencing appliance and system](#)

US Pat. 7237004 - Filed Jan 8, 2002 - InFocus Corporation

... compliant with **IPv4** or **IPv6** (including **IPv4** with network but that are ...
telephone networks network **address translation** (NAT) server that allows hosts
...

[Method for the addressing of a mobile terminal](#)

US Pat. 6895871 - Filed Jul 9, 2002 - Volubill

50 Despite the limits of **IPv4**, the number of users connected to the Internet has increased by means of network **address translation** (NAT) techniques. ...
